

APPLICATION

FV manual venting skylights allow you to appreciate the light and fresh air in places where it may be more reasonable not to use electric devices due to safety precautions.

FEATURES

- Suitable for roof pitches between 18-85 degrees
- Low-emission and heat-reflecting double glazed glass
- Warm spacer increases condensation resistance
- Perimeter gasket underneath the frame
- Double seals between the frame and the sash
- Mosquito screen included
- operated with a crank or a control rod
- Range of internal and external accessories available
- Internal gasket system to collect and drain any possible condensation water to the outside

SPECIFICATIONS
