

# SUBMITTAL/TECHNICAL DATA SHEET

## DESCRIPTIONS

The Press-Fit door is a unique lightweight door that installs easily by bending the tabs on the return back to grip the drywall. The frame, return and doorstop are one-piece construction with a beveled frame resulting in an attractive finished look.

## SPECIFICATION

### CONSTRUCTION:

- Trim, return, and door stop shall be one-piece construction of 22 gauge steel. On doors 18" x 18" and larger, the door shall be 20 gauge steel. On doors smaller than 18" x 18", the door shall be 22 gauge steel.
- Flange of frame shall be 1/2" wide and beveled.
- Hinge shall be concealed, continuous piano hinge.
- Latches shall be flush screwdriver operated, or key operated cylinder lock with automatic dust shutter.
- Return shall have bendable tabs for easy installation into drywall.
- Finish shall be prime coat of rust inhibitive electrostatic powder, baked white enamel.
